**NATIONAL FOREIGN INTELLIGENCE BOARD**  
WASHINGTON, D.C. 20505

IC/82/5583  
15 October 1982

MEMORANDUM FOR: Chief,

25X1

FROM: Walter Elder  
Executive Secretary

SUBJECT: Updating of DCID 2/3

25X1

1. I agree with your view that from your vantage point, the most minimum change is called for.

25X1

2. From my perspective in monitoring the review of all the directives, certain other stylistic changes are needed to bring DCID 2/3 into conformity with directives on other services of common concern and to replace the outmoded language about DCI objectives and priorities.

25X1

3. My proposed changes are attached for your consideration. Don't hesitate to ask for amplification and clarification, please. I'll turn to 2/8 shortly.

25X1

4. Once we agree on a draft, do you think we should ask the DCI to approve it without further ado or should we run it by the Community for their comments?

25X1
